1. NEWSPAPER

The students start with making a newspaper for the class.

- discuss what this newspaper should contain – take notes
- facts about the class
- pictures
- what happens during a week
- use the computers, learn how to make a good newspaper page
- print it, put it up in the classroom
- invite other classes to have a look and make a feedback

Discuss afterwards what is good and what can they do better!

2. NEWSPAPER FOR THE SCHOOL

- let all the students be journalists with tasks
- invite a journalist (from a newspaper in your town) to visit the class
 - how does he or she work
 - can he or she help you
 - can the students visit the newspaper
- go to work, - write- take pictures-make interviews-reports-crosswords-news-sports event

Put the newspaper on the website or print and sell it.

3 NEXT STEP – NEWSPAPER FOR THE LOCAL COMMUNITY

This requires a lot of the students and the teachers.

Please feel free to use other adults as your “good helpers”.

Combine teaching, student work and learn how you make good front page-article-headline-columns etc and using the computer as a good tool.
