

LESSON PLAN

Name: **School: Norway**
Date: **Time of lesson: 3 x 45 min**
Class: **Level: 9 - 12**
No. of students: **Unit: Textbook:**

- Lesson Objectives:**
- 1. To learn something about English culture**
 - 2. To understand and use a recipe in English**
 - 3. To lay a table**
 - 4. To learn conversation and good behavior during a meal**
 - 5. To encourage cooperation**

Assumptions:

The pupils are used to work in a kitchen and understand a recipe.

Anticipated problems:

Some words and expressions in the recipe might be unknown.

Materials:

Equipment and ingredients for the baking.

English dictionary.

Computer

Activity 1: To bake scones

Aim:

**To learn something about English culture.
To understand and use a recipe in English.
To encourage cooperation.**

Procedure:

The pupils are divided in groups of 3-4. Each group makes a portion of the recipe.

Here is the recipe:

SCONES (12 pieces):

**225 g flour
2 teaspoons baking powder
60 g butter or margarine
30 g sugar
1,5 dl milk
raisins
milk for glazing**

**Preheat oven to 220 grades C and lightly grease a large baking sheet.
Shift the flour and add the sugar.
Rub in the butter until mixture looks like fine breadcrumbs.
Add the raisins, and then add the milk to make a soft dough.
Cut the dough in two.
Roll out each part on a lightly floured board into a round cake about 1 cm thick.
Cut each cake in 6 parts.
Put them on the baking sheet and brush with milk.
Bake for 10 minutes.
Cool on a wire rack.**

Activity 2: To lay a table

Aim:

To learn something about English culture
To make it pleasant at the table during the meal

Procedure:

Choose a group of students to lay the table and make tea while the others are finishing the baking.

Activity 3: To have a nice meal

Aims:

To learn good behaviour during a meal
To learn the right way to express what they want

Useful expressions to know:

I want a glass of water, please.

Would you like a cup of tea?

Yes, please, I'm so thirsty.

Or: No, thank you, I'm not very thirsty.

Activity 4: Different crosswords on the computer

Aims:

To learn new words
To encourage cooperation

Procedure:

Pair work . The students work together to find the right words.
